FUNDRAISING CHECK LIST

Have a plan – and stick to it!

What? Think about how you want to raise money and what materials you will need to do this.

When? You will also need to think carefully about when you will fundraise. Make sure you give yourself plenty of time to organise your activity and try not to clash with other events.

Where? Think about where you will hold your event, will it be at your school, inside or outdoors? You may need to book a venue, and you will have to consider disabled access and how people will get there.

How much? Set yourself a target and a budget. If you keep your costs low, there will be more profits for you to pass on to the charity. Can you ask people to donate goods or services, could a company sponsor you?

Let people know what you are doing!

Shout about it on social media. Keep people updated on how you are getting on. Don't forget to use our hashtags **#WishesMatter #TeamRTCW**

You can even contact your local paper to see if they would like to run a story on what you are doing.

Remember: The more people who know about your fundraising the more you will raise.

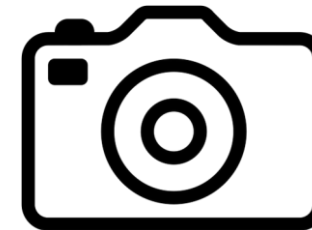

Say Thank You

Once your event is over be sure to thank everyone who helped you and all those who donated.

SHARE YOUR FUNDRAISING WITH THE WORLD!

Take a video of your fundraising in action. Show everyone your journey or just the highlights.

Take lots of photos! Just make sure you have everyone's permission. Show us your superhero smiles!

MEET SOME OF OUR WISH FAMILIES

Learn about our wish children and have a go at granting a wish for yourself.

We have provided two wish stories to design wishes for, and three worksheets to be completed.

Then find out how the wishes were granted in real life!

Meet Jack

Jack, aged 4, was diagnosed with Acute Lymphoblastic Leukaemia. This is where the bone marrow makes white blood cells that don't work. These cells can't protect the body from germs. They crowd the bone marrow, enter the bloodstream, and can spread to other parts of the body.

Jack eats, sleeps and breathes dinosaurs. He had heard about a special attraction in London that had lots of dinosaurs.

So, his wish was to visit the Jurassic World Exhibition in London.

Meet Daisy

Daisy, aged 10, has cystic fibrosis. This is a disease that causes the body to make very thick, sticky mucus. This is a problem for Daisy's lungs and digestive system.

Daisy can find it tricky to breathe and can get infections very easily. She needs to take lots of medicine to keep her healthy. She has to get up early every morning to do special exercises.

Daisy loves Lego, fairytales and princesses.

Her wish was to visit Legoland with her family.

(Activities, entertainment, games, food and drink?)

Where would the wish take place?

(Inside or outside, somewhere you've been, a city, a castle?)

How would they get there?

What other details could you add to the wish?

WHAT REALLY HAPPENED

NEXT FIND OUT HOW WE GRANTED
JACK AND DAISY'S WISHES FOR REAL...

Jack's Wish

Jack was so excited when we said we would send him to see the dinosaur exhibition!!

We arranged a special weekend in London for Jack, his parents plus brother and sister. The family were driven in style to their London hotel. They enjoyed a visit to the Jurassic World Exhibition.

Jack was completely taken in by everything. There was a huge array of dinosaurs and activities for the family to look at and interact with but there was a very scary moment for Jack when the T-Rex broke loose!

As an extra treat we arranged for special Jurassic goody bags for the children, which were full of dinosaur souvenirs and treats, Jack laid claim to all 6 of the cuddly dinosaurs!!

Even more fun followed with a visit to the Natural History Museum where the family were able to see Dippy the Dinosaur at a special exhibition. Jack thought this was very cool.

London was very, very busy, but the family managed to do lots of sight-seeing and ended their weekend with a visit to Hamleys Toy Store for a few treats.

The family packed in so much and Jack was worn out, so they headed home to get some well-earned rest where no doubt Jack dreamt of dinosaurs!

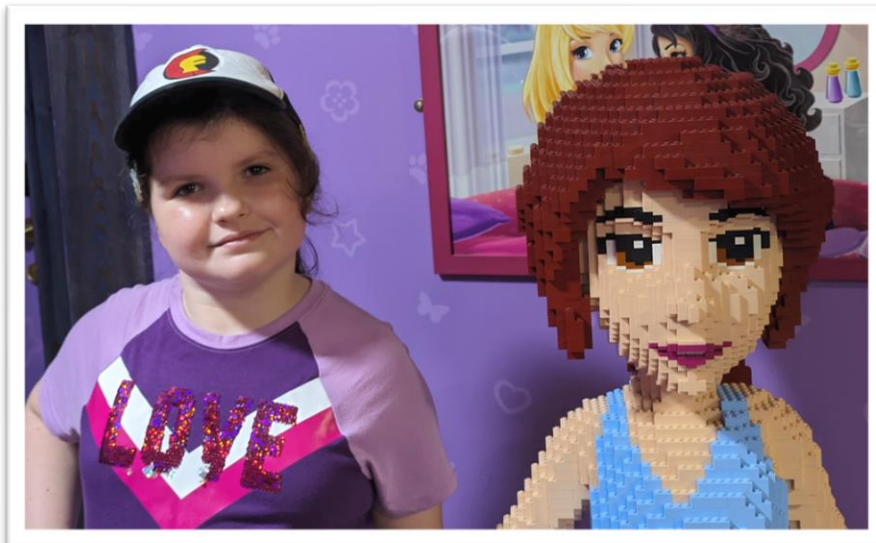

Daisy's Wish

Daisy spent a long weekend in Legoland Windsor with her parents and little brother Adam.

"We enjoyed some lovely food, loved the pool and the evening entertainment. Our bedroom was amazing, and the children thought the bunk beds were the best!

In our room there was a puzzle to solve, and the answers opened a secret safe which had special gifts for the children.

We also enjoyed the sweet treats family gift box, and we are still munching our way through the goodies at home!

Daisy really enjoyed all the rides, and her favourite was the Pirate falls ride. We went on it more than once, even though we got soaking wet!

Adam was in his element building Lego cars and racing them on a virtual screen.

We still didn't manage to do everything but what we did do was brilliant.

We came back with lots of Legos, an umbrella, the cool mini figurines, a few plush Lego toys, two set of swords and shield, some fridge magnets, and a Lego flag.

We had a great time, even though Daisy was poorly on Sunday we still managed to do few things later that day.

We all had an amazing time and would like to thank You and RT Children's Wish for the opportunity to make some special memories.

THANK YOU!
